The Big Fat Activity Book For Pregnant People (Gift Books)

Synopsis

THE PERFECT GIFT FOR MUMS-TO-BE WITH A SENSE OF HUMOUR. Part diary, part colouring book, and part brutally honest (and hysterically funny) collection of advice, this is for the new mother who wants to chill out, laugh her face off, and realise with every page that she is not alone. Two stars of the lifestyle and parenting blogosphere invoke the mindless fun and nostalgic appeal of an old-school activity book in this irreverent, laugh-out-loud twist on the traditional baby journal, with illustrated activities, lists, essays, and musings on what pregnancy is really like. - Wordsearches: Nope, Sorry (All the Stuff You're Not Allowed to Have Anymore); Bad Baby Names- Mazes: Make it from Your Desk to the Bathroom Without Throwing Up- Lists: How to Baby Shop Without Crying- Advice: Yoga Teachers (Also Your Mum Friends, Your Parents, People on Facebook, All Articles, and Everyone You Meet) Want to Tell You How to Give Birth, But You Don't Have to Listen- Quizzes: Stop: Labour Time!

I bought this as a gift for my preggie friend and she loved it so much, it's now on my must-give list

for anyone I know, lady or mister or gender non-conformist, expecting a child. The humor is perfect -- not too wacky, but so spot-on even I was cracking up (and I am a looong way from having a child myself any time soon). I could not recommend this more, not just for those expecting, but for anyone who wants to cheer up and celebrate anyone expecting. Great find!!

I purchased this for a friend that was on bed-rest due to complications in her pregnancy. It looked like it would be something to keep her busy while laying in a hospital bed for a few weeks. I flipped through the sections prior to giving it to her. This book is hilarious and had me laughing quite a bit. She loved the book and was very thankful, as it not only had good information in it but provided activities to keep her distracted. Mom and baby are doing well now :)

Bought this book twice for a couple pregnant friends! They got a huge kick out of it! Great book for first time moms!

This book was a fantastically fun read. It makes an excellent shower gift for any new mom. Much more useful than another baby blanket! Being pregnant and a new parent is a wild journey - if you can laugh during it - then it is all the more memorable and enjoyable. Congrats to Jordan and Erin for their perfectly fun creation!

Just bought one for my pregnant friend for Mother's Day. She is obsessed! She said she laughed out loud reading it and she was so glad to get something so funny and real to cheer her up through those waiting room moments, as opposed to another onesie her kid is just gonna barf on and then immediately grow out of. Part of a welcoming package for 1st pregnancy

This is the best present for pregnant people! You can use it as a diary and add all important facts. It is also fun to read it while not expecting a baby, since it brings up a lot of memories.

Purchased this for a young friend who is expecting. I browsed through it first. SO funny! It will definitely give her a chuckle.
