Boston Sites And Insights: An Essential Guide To Historic Landmarks In And Around Boston

Synopsis

Whether you're looking for a history of one of the city's world-class museums or for a fascinating story about Boston's popular North End, Susan Wilson covers it all in *Boston Sites and Insights*. Divided into six sections that reflect the diversity of people, activities, and landmarks within the city, this fascinating book leaves no stone unturned. With practical, up-to-date information in an "Essentials" section at the end of each chapter as well as fresh retellings of popular legends and lore, Wilson provides everything the modern visitor or current resident needs to know to enjoy the multicultural city of Boston, Massachusetts."

Customer Reviews

The book I've long been waiting for, companionably providing me with the story on buildings I've wanted to know more about, as well as alluring me with information on lore laden sites and settings I can now add to my circle of friends. The book is lively, distinguished and fun.--Lynda Morgenroth, author of *Boston Neighborhoods* *Boston Sites and Insights* is the most inclusive listing of things to do in the Boston area I've seen. Ms. Wilson has outdone herself, including something for everyone with this truly multicultural travel guide."--Kenneth A. Heidelberg, Boston African American National Historic Site "This thorough, entertaining guide is recommended both to the general public and to serious students of history."--Library Journal "A dense, information-packed introduction to Beantown--fascinating."--Los Angeles Times

Susan Wilson is a writer, photographer, and educator who has written numerous books about

Boston history, including Literary Trail of Greater Boston. She researched and wrote regular history columns for the Boston Globe, and now writes and lectures on and for various historic sites and organizations around Boston. She lives in Cambridge, Massachusetts.

The content of the book is quite helpful, however, the maps do not 'zoom' enough to be readable. I have a couple of Lonely Planet travel guides whose zoom feature works properly so I assume that the problem resides with the book and not the Kindle.

it's not a great guide book if you are looking for guidance. it seemed more of a history book with 'oh and here's where it is'

great

Excellent detailed book about top sites in Boston with useful phone numbers and suggestions of activities. Nice book for someone who wants to learn some history leisurely.

Have not completely read the book all the way yet, but seems to be very helpful in information. Would recommend

I got this book because I need it for a class, but I actually started reading it before the class started. It's a great book to give you the basic info about a lot of popular and historic places in Boston. Each site has about 4 pages of info, including websites, phone numbers, and other tourist info. I wish I had known about this before my senior year of college in Boston.
