Readings In The History Of Christian Theology, Volume 1, Revised Edition: From Its Beginnings To The Eve Of The Reformation

Synopsis

William C. Placher and Derek Nelson compile significant passages written by the most important Christian thinkers, from the early church through the Middle Ages, and up to the beginning of the sixteenth century. Illustrating the major theologians, controversies, and schools of thought, *Readings in the History of Christian Theology* is an essential companion to the study of church history and historical theology. Excerpts are preceded by the editors' introductions, allowing the book to stand alone as a coherent history. This revised edition expands the work's scope with the addition of many new texts, especially those from the voices of women and others who have been marginalized from the theological tradition. This valuable resource brings together the writings of major theologians from the church's history for a new generation of students.

Book Information

Paperback: 220 pages

Publisher: Westminster John Knox Press; Revised edition (August 19, 2015)

Customer Reviews

"This thoughtful collection of works from the Early Church to the Late Middle ages provides an excellent introduction to the history of Christianity. This diverse anthology includes selections from normative and non-normative authors, from well-known and lesser known writers, from men and women, from theologians and mystics. The insightful chapter introductions and brief summaries of each reading make this a reliable guide for the student and teacher alike." --Carl Beckwith, Beeson Divinity School, Samford University

William C. Placher was Charles D. and Elizabeth S. LaFollette Distinguished Professor in the Humanities and Chair of the Department of Philosophy and Religion at Wabash College in

Crawfordsville, Indiana. He is the author or editor of a number of books, including *A History of Christian Theology*, *Essentials of Christian Theology*, and *Jesus the Savior*, all published by Westminster John Knox Press. Derek R. Nelson is Associate Professor of Religion at Wabash College in Crawfordsville, Indiana. He is the author of *Sin: A Guide for the Perplexed* and *What's Wrong with Sin* and coauthor of *A History of Christian Theology*, Second Edition, published by Westminster John Knox Press.

This companion volume to William Placher's A History of Christian Theology: An Introduction is a nice, concise collection of primary texts from the history of the Christian church. Placher's selections are strongest in their variety: he really has a diverse group of authors and touches on an excellent amount of ideologies through the primary texts. His weakness is in the amount of each text he provides. While it would be difficult to really put an adequate amount of all of the sources he has, there are some seminal works that lack the necessary amount of the primary source. Placher does provide well written summaries and introductions to each of the sources. All in all, a great anthology of Christian theological history.

Came in good condition. It was satisfactory for my class. No review on the content of the book.

I really enjoyed this. Learned a lot about the early church, the development of the Roman Catholic Church. A must read for clergy.

ok

Great book!

Good test. Really helped in the class.

The chapters are writings from the time around Christ or just after. It is a different form than you are used to reading.

This is an excellent collection of writings from the great Christian thinkers. It is a good book for the purpose of gaining a basic understanding of the various authors that are touched on but their complete works are not included.
