## Customer Reviews

I found the 27 group of exercises fundamental in focusing my sound and allowing me to play in many ranges without resetting my embouchure.

This is a great book to improve over all trumpet playing. Improve slurs, and range in an interesting way. And the price is very reasonable. GJ

Great book for developing tone, endurance and range.

Great job! I would use them again.

This is a good book for lip flexibilities. Not the best book of all time but the book came in good condition.

Tough exercises but very powerful.

Very useful

Bought it for my grandpa who plays the trumpet, he says it's really good.
