A Catholic Guide To The Bible, Revised

Synopsis

This revised and expanded edition of *A Catholic Guide to the Bible* is a guide to the basics of biblical scholarship. Offering historical backgrounds and information about the author and the literary style of the work, it provides a theological interpretation of selected passages based on the latest Scripture scholarship and the Catechism of the Catholic Church. Drawing on more than 30 years experience as a priest and Catholic educator, Father Lukefahr helps ensure that the Bible will become a friend on your journey through life.

Customer Reviews

Father Oscar Lukefahr, with more than forty years experience as a religious educator, is one of America's most popular interpreters of the Catholic faith. He is the author of numerous books, preaches parish missions, and is dedicated to helping Catholics develop a clear understanding of their faith in an interesting and enjoyable manner.

good

This is not long and complicated as a commentary might be. As someone returning to the Catholic Church after many years away, I wanted something that would give me summaries of the books of the bible from a Catholic POV. I found it very user friendly.

As a new leader of a women's group...this book along with the answer booklet, was great. I had lady's who have never opened a Bible. They were so thrilled to learn from this little book. If you are "Bible inpared" I think this will open the way to learn even more.

I never do reviews, but had to do one on this book. It's short and simple. My book is highlighted throughout. A really great insight to history and Catholic commentary on the Bible.

This little book is a great reference resource for any person reading or studying the Bible. Each book of the Bible is summed up neatly for a quick understanding of behind the scenes in the individual books. Highly recommended.

This is an easy book to read and understand. This book is a good introduction to know about how the Bible become the book that we know.

I found this book hard to put down. It wasn't that I had never read the Bible (in fact, I studied Sacred Scripture at a Catholic seminary). It was more the way Father Lukefahr presented the material. He made it easy to understand the difficult language, ancient cultures and faith of our religious ancestors. I may read it again, looking up all the references he provides throughout the narrative.

This is the simplest, easiest to read book on the basics of understanding how to read the Bible I've ever read. It just makes perfect sense!
