The Eb Real Book, Sixth Edition

Synopsis

(Fake Book). The Real Books are the best-selling jazz books of all time. Since the 1970s, musicians have trusted these volumes to get them through every gig, night after night. The problem is that the books were illegally produced and distributed, without any regard to copyright law, or royalties paid to the composers who created these musical masterpieces. Hal Leonard is very proud to present the first legitimate and legal editions of these books ever produced. You won't even notice the difference, other than all the notorious errors being fixed: the covers and typeface look the same, the song list is nearly identical, and the price for our edition is even cheaper than the original! Every conscientious musician will appreciate that these books are now produced accurately and ethically, benefitting the songwriters that we owe for some of the greatest tunes of all time! Includes 400 songs: All Blues * Au Privave * Autumn Leaves * Black Orpheus * Bluesette * Body and Soul * Bright Size Life * Con Alma * Dolphin Dance * Don't Get Around Much Anymore * Easy Living * Epistrophy * Falling in Love with Love * Footprints * Four on Six * Giant Steps * Have You Met Miss Jones? * How High the Moon * I'll Remember April * Impressions * Lullaby of Birdland * Misty * My Funny Valentine * Oleo * Red Clay * Satin Doll * Sidewinder * Stella by Starlight * Take Five * There Is No Greater Love * Wave * and hundreds more! Editions also available in C, B-flat, and Bass Clef. Looking for a particular song? Check out the Real Book Songfinder [here](#).

It's impossible to read on the main image, but if you click to expand it you can see "European Edition" written in the top corner. I ordered this RealBook without seeing that -- much less knowing what it means, since the item description includes no mention of a rather important fact: The European Edition is substantially different than the edition sold in the U.S. If you're hoping for basic standards like "Just Friends" or "Donna Lee," they're not in here. The first page actually has a big legal notice saying this book is not authorized for sale in the U.S. and Canada. The U.S. edition is available elsewhere on (and it also costs less).

Excellent selections, dark print, but binding (comb back) makes things difficult for photocopying pieces for performance (book is just too large for working musicians to use as a hands-on resource). A heavy-duty spiral binding would be preferred.

I love this book it's my jazz bible. I originally bought it for college auditions, but fell in love with it the moment I saw the Actual book, It's so thick And full of music. If you love jazz this is a must buy!

Arrived in a timely manner and in good condition. This book nicely coordinates with the C and Bb books (for example, "D Natural Blues" is on p. 95 of the C, Bb and Eb books. So you can just call out the page number if you want to.

I bought this and the Bb version for my students, mainly so we can all have the same page numbers and versions of the songs. There are always some songs that you like in every version of the real book that are missing, but I find this one to be fairly accurate in the transcriptions. There are some typos. YOu have to keep your ears open.

Product was as advertised; shipping was prompt.

I've been using the real books for years and even bootleg ones ! There very accurate and fun use from the gig to the shedroom !

I had previously bought the Bb book, which is also legal, and wanted to get this one to complement the first and I'm glad I did. My edition is half the size of the Bb book, but the print is still easy to read.
A+
