Customer Reviews

It would have been a great book if it had color pictures. It did have a lot of good information and it is small enough to travel with but all black and white photos.

Very poor printing. It was all poor black and white, grainy photos. You could hardly tell what some of the pictures were of. The only color picture was the cover. :(

Just one of many books about the park and it's nearby attractions we own. A good guide for a first time visitor and we use it as supplementaterial for our condo rental there.

Great feel and looks get remarks often.

very informative

Great read....can not wait to put it to use

very nice book. Thank You

Very informational
