Collins Cobuild Primary Learner's Dictionary

Synopsis

An illustrated dictionary aimed at learners of English aged 7 and over. This dictionary has been specially created for primary school students whose first language is not English, but who attend English-language schools. Accessible and easy-to-use, it's the perfect tool to help children improve their language skills and build vocabulary. It covers all the essential words, phrases, and idioms that students need to learn, and is ideal for children who speak a language other than English at home. The definitions are written using simple language, which enables the child to discover for themselves what words mean, both in the classroom and at home. The dictionary also contains example sentences of real English, which show the child how English is really used in everyday life. The dictionary includes a wide range of cross-curricular vocabulary items, which will help students studying in English to build their academic vocabulary, as well as gain confidence in writing and speaking English inside and outside the classroom. Key curriculum terms and important everyday vocabulary items are illustrated throughout the dictionary to support the child's understanding of key concepts and to encourage exploration of the language. The brightly colored supplement illustrates a range of academic and general topics, making the dictionary invaluable to a child who is not only learning English, but also studying through the medium of English.

Customer Reviews

Collins Dictionaries have been pioneers in dictionary publishing since 1819.

The one time I didn't read reviews before a purchase! The few British spellings can really throw my students off but the rest of it is perfect. To keep or not to keep? Deciding.

Wonderful definitions! Great 1st dictionary for readers. I appreciate that the words are used in sentences.

Alert Some British spellings such as centre and color

This book is a HUGE help for teaching vocabulary to elementary students.

great resource for at risk kids

Like it - some words that I look for are not included.

good . just OK . for my husband, it is very fast delivery. Great product for the price and definitely has some weight to it. I've never had a real chef product, but it cut through my pork chops like butter and potatoes too. Nice packaging also.
