Born in Tokyo, Tsugumi Ohba is the author of the hit series Death Note. His current series Bakuman., is serialized in Weekly Shonen Jump. Takeshi Obata was born in 1969 Nigata, Japan, and is the artist of the widely popular SHONEN JUMP title Hikaru no Go, which won the 2003 Tezuka Osamu Cultural Prize: Shinsei "New Hope" and the 2000 Shogakukan Manga award. Obata is also the artist of Arabian Majin Bokentan Lamp Lamp, Ayasturi Sakon, Cyborg Jichan G., and the smash hit manga Death Note. His current series Bakuman is serialized in the Weekly Shonen Jump.

Amazing series i have already read the whole series and worth every penny and the anime is almost exactly spot on other than the last chapter of the last book lol meaning the ending! though same outcome but how it happens is different so i suggest reading the manga!!

Death Note is a great series because it deals with important issues of right, wrong, the desire for power and control and death, in the context of a very intelligent boy and his demon attempting to outwit law enforcement. The books contain wonderful and well-plotted twists and turns and excellent graphics. Death Note became a popular television series in Japan and I wish a Joss Whedon type would address it for American television. For those not familiar with this form of book, it reads from back to front but that is not a problem. The books are also visually attractive with black and white covers and black edges. The best series since Lone Wolf and Cub. The same high praise applies to all of the volumes in the series.

love the anime and book

Daughter is obsessed with this book! She absolutely loves it!!!!

I bought for my daughter and friend, as a gift, i personally am not sure what the items are, but you must buy the journal with it, they were beyond happy and sat for hours with the book and the journal, just looking at at the things. Awesome gift, mom did good :) great !!

It was in ok shape but it was used. A present for my girlfriend but I will be reading it myself

The story and quality is awesome! It would get 5 stars if the fingers didn't smudge on the book but it doesn't really make a difference on how great this book is!

Love it. Pages are black on the side. Great buy.
