Customer Reviews

I got this book for my Kindle because it is very handy to read in short spurts when I am in waiting rooms, etc.

Interesting content and informative. I like the way this author keeps you entertained and offers tidbits that help in keeping your mind engaged in the randomness of the universe.

This book is a quick read of fun facts. Some are more well known than others. Would not pay asking price for just volume 1, but reasonably priced if you buy all three volumes.

If you like interesting trivia, here is your book. Lots of fascinating stuff covered sufficiently but not over explained. Just right.

I love trivia. Good read.

Not as good as the Uncle John's Bathroom readers.

Cannot put it down

great
