"Found this lovely bloke through Facebook, via a colouring group I joined there. First got drawn to his work when he released a freebie for Autism Awareness, he has a few freebies on his site. Decided on this and one other book as they screamed 'Buy me', lol !! Brilliantly done and fun to colour especially the the ones at the back. My fave has to be the first page and my least fave is c@#t so I skipped it. Must get book and defo get more. Caz." "Fantastic fun book with plenty of "colourful" phrases. Its extremely quirky and good fun to colour with plenty of doodles instead of the usual dogs, cats and flowers!" "Fun book does what it says on the cover. I'm not normally into colouring, but took an instant like to this book for reason..."

high quality paper, excellent, fun to color designs. Some are short quick work, others are more in depth and take time and concentration. Really like the few midnight pages included. will be looking for more from this artist.

this book is amazing steve there are times that you just have to color what you would like to say and this is a great book for that. the art is wonderful in it.

Another great coloring Book added to my collection. Me, my daughter and my 10 year old Grand daughter Love coloring together on the weekends. Great Family time spent since my Daughter is Grown and Married now and has kids of her own. We all Love the great Artwork and Pictures that all of the Artists have shared with the world. Great work everyone ! Keep up the great work !

This coloring book is cool but the paper is like super recycled newspaper quality. It was cheap though. Overall I am happy with this. Gives me something to do at work :P

Bought this for a white elephant gift. It was hilarious. Everyone loved it.

Very funny book with lots of insults! I mean it's insults, doesn't get much better than that.

she loved it

So like these are funny. Paper is good quality, but remember these are more of a joke. Lighten the F^%& Up and Color!
