How To Analyze People: Mastery Edition - How To Master Reading Anyone Instantly Using Body Language, Human Psychology And Personality Types (How To Analyze People Series Book 2)

Synopsis

How to Analyze People Series Book #2 Have you ever wondered why there are some people you take an instant dislike to and others to whom you gravitate? Obviously, there's something else happening besides their verbal communications that are attracting or repelling you, right? You might just discover what that is by reading our book. Within the pages of this book, you'll learn about the four main personality types and even determine what personality type fits you. You'll also learn how to adjust and monitor your behaviors, gestures, and body language to enhance your communication skills. You'll understand the Principles of Perceptions and the Three Key Elements to Connectivity as you move through the book. Take a journey through our book to discover if you're a Leader Personality Type (decisive, goal-oriented, and powerful) Perceiver Personality Type (analytical, precise, and compulsive) Identifier Personality Type (nurturing, empathetic, and emotional) Fraternizer Personality Type (fun-loving, thrill-seeker, and impulsive) Learn what motivates your behavior as well as those around you, and discover how to attract and influence others. Our strategies and techniques will open your eyes to what you are doing that might annoy your boss or be a turn-off to your significant other. As a champion communicator, you'll inspire others and motivate yourself to accomplish goals that you never thought possible. Learning how to analyze others accurately might even protect you from a life-threatening situation. You'll teach yourself to listen to that inner warning voice, that part of your subconscious that recognizes the danger signs before you have had time to take it all in and react. Before you spend hundreds of dollars on self-improvement courses or Toastmasters, why not take some time to make use of all the information this book offers?

Customer Reviews

The title of the book will capture the attention, particularly those who are interested in people around them. The most essential thing in the world is to understand himself and next is to understand others. When you have enough knowledge to analyze other people it will be easier for you to understand them as well as you will become a better communicator.

I do think that analyzing people is not an easy task. I appreciate that the book gave simple and easy to understand discussions that are perfect for those who wants to know more. I just think that there should be more content in the book.

I was looking for a book on this topic since a long time and I am glad that I decided to give this book a try as this book has all the information I needed to know on the topic

This book focus the importance of body language, how to analyze someone. The author did not only provide useful everyday tips and techniques for analyzing people he also provides a useful guide to self-analysis. I am definitely going to implement some of the practices to help me analyze people well.

This book focus the importance of body language, how to analyze someone. In business this is imperative. Its important to know what a client is thinking, and the best way is through their body language. I really enjoy this book. I am definitely going to implement some of the practices to help close deals.

This book was very interesting, and I enjoyed the parts about extraversion, intuition, thinking and

judging. It has some really great and proven techniques to analyzing people and to read the body language of people. Overall, this was something I personally enjoyed reading about, and I definitely recommend it to people that want to dive in to the world of better understanding people, analyze them and read their body language. Definitely recommended!

Excellent Book. It covered many interesting topics throughout the book giving useful tips to a range of people in various roles. If you want to know the ways and techniques on how to analyze a person based on their behavior and body language then this book will surely be the answer to everything!

I was originally wondering, How do you read a person? How can you determine a person quickly without getting a ten year degree in psychology? This book can help us out. Try to analyze your own personality first so that you can test your knowledge. After you successfully do that move to the next close person and try to analyze him. When you find yourself able to analyze the personality of close people start applying what you learned on strangers.
