Twenty-Five Lessons In Citizenship

Synopsis

Twenty-Five Lessons in Citizenship offers clear, concise, and accurate information about United States history and the make-up of national, state, county, and city governments for people who are studying to become citizens of the United States. For over seventy-five years, D.L. Hennessey's Twenty-Five Lessons in Citizenship has helped hundreds of thousands of people gain the historical and political background necessary to pass the citizenship exam. This book is a useful tool for individuals, immigration lawyers, adult education centers, English as a Second Language (ESL) courses, libraries, community colleges, and schools seeking to provide basic United States history and civics lessons to students.

Twenty-Five Lesson in Citizenship offers clear, concise, and accurate information about United States history and the make-up of national, state, county, and city governments for people who are studying to become citizens of the United States. For over seventy-five years, D.L. Hennessey's Twenty-Five Lessons in Citizenship has helped hundreds of thousands of people gain the historical and political background necessary to pass the citizenship exam. This book is a useful tool for individuals, immigration lawyers, adult education centers, English as a Second Language (ESL) courses, libraries, community colleges, and schools seeking to provide basic United States history and civics lessons to students. .com Bestseller by Category: Education,

Citizenship (1999) (99th edition) .com "As a citizenship class instructor, I am often asked to recommend a book for classroom and home study. Twenty-Five Lessons in Citizenship by D.L. Hennessey is definitely a useful resource for interview preparation. Most importantly, it is well organized and contains up-to-date information." Susan Floyd, Citizenship Instructor "the best study guide for the naturalization exam." C. Matthew Schulz, schulzlaw.com "For over 25 years, including those (1976-80) when I was an INS Naturalization Attorney, I have been recommending a very informative and readable little book called Twenty-Five Lessons in Citizenship by D.L. Hennessey, an educator. Reading the book must be beneficial because in the last 22 years since I have been in private practice, not a single one of my clients has ever failed the history and government examination." Carl Shusterman, Attorney at Law "After reviewing the lessons presented by Hennessey in easily understandable format you should be well prepared for the exam required in the U.S. INS naturalization process. The summaries are both informative and interesting." Robert C. Meltzer, CEO, VisaNow.com

Decent information; helped me pass the CSU U.S. Constitution Exam @UCLA Extension. However, it's 2017 and this book lists our current VP as Dick Cheney. Do not buy this edition - there's a 2008 version on instead.

Ever tried reading a government book? What are they talking about? Not his book!! Short--90 pages or so of easy reading and a quick reference for any citizen. Great for High School Government or Citizenship course. Great for people who aren't citizens and want to learn how the U. S. 'works'. It is in question and answer format, so perfect for those seeking citizenship, too. All you need to know in this small, easy, handy book! Government doesn't have to be complicated or difficult...

Perfect as an overview of democracy.

Being ashamed I would not pass the Citizenship test and I was born here. I wanted to be prepared when I need to put people on blast saying it is easy. I don't know anyone else who was born here that could pass this test. A friend of mine called me out and she was right I need to study my countries basic. OUCH

This is an indispensable booklet to use as a test prep for the citizenship test. Didn't really cost that much but was surprised to find it in the local library. Check your local library first before buying but

overall a good buy.

This book is a good read. It's a nice refresher if you need a supplement for a class. I am happy with this purchase.

In California, this book has become indispensable to anyone seeking to pass the Constitution Exam in order to acquire various teaching certificates. It offers a concise summary of all the main topics.

Great and fast service. Book was brand new. Would buy another product from this seller again.
