# I Heart My Little A-Holes: A Bunch Of Holy-crap Moments No One Ever Told You About Parenting

## Synopsis

Following the success of *Go the F\*\*k to Sleep*, *Confessions of a Scary Mommy*, and *Ketchup Is a Vegetable*, a collection of funny, warm, and charmingly profane tales from the frontlines of parenthood by the author of the popular Baby Sideburns blog. Once upon a time you and your partner had a perfect life: dinners out, weekend mornings cuddling in bed, brunch with friends. Then you gave birth to a poop machine (or two). Now, it's all about the pediatrician, breast pumps, princess dresses, and minivans. And discovering that your pride and joy is actually a little A-hole. When your son wakes you up at 3:00 A.M. because he wants to watch *Caillou*, he's an a-hole. When your daughter outlines every corner of your living room with a purple crayon, she's an a-hole. When your rug rats purposely paint the kitchen ceiling with their smoothies, they're a-holes. At times like these, it's only natural to want to kill them (or yourself). But it's against the law (and there's the suicide hotline). Plus, there's that whole loving them more than anything in the whole world thing. In *I Heart My Little A-Holes*, Karen Alpert shares hilarious stories, lists, and deep thoughts on the joys and horrors of raising children. Accompanied by cheery illustrations and photos *I Heart My Little A-Holes* will make you laugh so hard you'll wish you were wearing a diaper.

## Customer Reviews

“Crass, inappropriate and absolutely hysterical. In other words, absolutely everything you could want in a parenting book and more.” (Jill Smokler, author of *Confessions of a Scary Mommy*)  
“Beware of Mom: She bites. Karen is crass and abrasive and makes no apologies,

nor should she. Her take on family life is funny, filthy and familiar... Reading her stories will make you laugh so hard...your head will explode. (Nicole Knepper, author of Moms Who Drink and Swear)

Popular blogger Karen Alpert shares her hysterical take on the many "joys" of parenting. I Heart My Little A-Holes is full of hilarious stories, lists, thoughts and pictures that will make you laugh so hard you'll wish you were wearing a diaper.

there are several places that you should not attempt to read this book. 1. the sidelines of your kids soccer practice, because as you are laughing so hard you are crying, other parents are looking at you quizzically since little Johnny just got kicked and is crying. 2. the waiting room outside your kids CCD class... there are a lot of pictures that make us baby-sideburns fans crack up repeatedly, while some shall-we-say less fun people will purse their lips disapprovingly. 3. The back row of jury duty. The court officer will confiscate your book, although you will definitely see him smirking after lunch because he totally read it too and thought it was HILARIOUS. For real, Karen Alpert hits the nail on the head with this book the same as she does with every blog. She is funny, clever, witty, REAL, and best of all just GETS how the rest of us moms feel most of the time. I am totally going to buy 20 copies and give them out as Christmas gifts. I am still deciding about using the vagina cupcakes for Christmas baking.... :-)

Purchased this for my daughter-in-law for Christmas, she begged for it! She loves it!!!

HANDS DOWN THE BEST PARENTING BOOK OUT THERE! The first time I picked up this book when I received it I really shouldn't have had a mouth of wine.... I almost choked laughing so hard..... Karen is absolutely hilarious and truthful! She states EVERYTHING that a mom wants to....without holding back! Definitely a book to give for a baby shower to a new mom or even a seasoned vet ;)

I know the author intends to be snappy and drop the "F" bomb a lot, but it got old. I got through about two chapters and gave up. She doesn't know how to use language to her advantage, I'm afraid.

Laughed out loud at work. Almost fell up the stairs once. My only complaint and I can't explain why,

is the word "preggers". Have never liked that word and she uses it upwards of 62 billion times. Didn't take away from the funny just my personal issues. As I said before, laughed hard enough to almost fall up stairs.

Wonderful commiserations from a fellow warrior. This motherhood road isn't for the faint of heart. This book made me not only laugh but have a deeper appreciation for all the mother's out there.

This book was worth every hilarious second. Great for those who appreciate well placed sarcastic humor... A must read for any mom with kids of any age!

This book is hilarious! I was literally laughing out loud through each chapter. Great for new moms or experienced moms. Quick read.
