Customer Reviews

just ok

great reference!

It's great to be able to see the different Ludlum series listed in order so you can read in order if you want.

title should be Robert Ludlum and company as all the books listed are not written by Robert.. it is a little helpful

Great for keeping track of what you have read and what to read next.

Useful

Ok Reading order list

I had read a couple of Ludlum's books and realized that each of them were from different series and not the first one of those series. With this booklet I was able to purchase the books in the correct order for each series and as a bonus, I discovered other series written by the author. If you want to read the series in the order of publishing by any author I highly recommend you purchase the series reading order booklets.
