## Synopsis

In a world dazzled by the latest gadgets and mesmerized by Internet videos, the humble book seems like the most ordinary thing that could be. And perhaps it is until you learn to look closer . . . and closer . . . and closer . . . and you're suddenly in a world that only you can imagine. With soft, warm storytelling and stunning, whimsical illustrations, Book embarks the reader on an imaginative journey through the literary lands of fact and fiction, a world where passwords, viruses, and broken screens can't stop a young boy's earnest quest for truth. Join in this celebration of literature, scrape the skies of opportunity, traverse the forests of what-could-be, free the powers of knowledge, and discover once again why the humble book is anything but ordinary.

## Customer Reviews

"Thoughtful, poetic phrases are well-matched by mixed-media artwork . . . One of the prettiest paeans to the codex in recent memory." Kirkus Reviews "The reader is entranced and enchanted by the imaginary world of the reader to be found in books . . . Book is a winning presentation of the enduring value of books (as opposed to other media for readers), enhanced by truly magical illustrations that encompass a trip to Fairyland and back." David Miles makes books for a living. He also reads books, writes books, sells books, shelves books, thinks about books, drives to books, sleeps to books, cooks from books, but he doesn't eat

books (which is fortunate). He graduated from Brigham Young University with a BS in Business Management. David currently lives in California where he enjoys trips to Yosemite, the central coast, and his favorite shawarma restaurant. Book is his second children's book.

This beautiful new children's book by author David Miles is filled with whimsical illustrations and a lovely story for parents to read aloud to their children or for elementary readers to enjoy on their own. 5 stars to both the author and illustrator!

This is a darling children's book. The illustrations by Natalie Hoopes are gorgeous and very imaginative. She has a lovely style and I hope to see her work published more. The story by David Miles is a sweet reminder that books are important and we shouldn't let technology consume our lives. Highly recommended!

Beautifully conceived and executed. I received my copy today and immediately ordered one for everyone on my Christmas list!! If you love books you NEED this book!
