A Little Help From My Friends (Miracle Girls Book 3)

Synopsis

Fans of Melody Carlson, Rachel Hauck, Robin Jones Gunn, and Jenny B. Jones will surely love The Miracle Girls! Let the other Miracle Girls have their adventures. Sweet, shy Zoe prefers things to stay the same. But, somehow, during her junior year, nothing will. First, she shoots up four inches and loses her baby fat (and all her favorite jeans). Then Dean, a new student from the East Coast, transfers to Marina Vista and takes an interest in her. Even Dreamy and Ed, her rock-solid parents, begin to show signs of strain as financial pressures mount and her older brother moves back home. In fact, the only thing that has stayed the same is her three best friends: The Miracle Girls. As Zoe begins to spend more time with Dean for a history project, her devoted boyfriend Marcus fumes. Will they be able to survive his jealousy? Does Zoe even want them to? Meanwhile her home life gets worse, as Dreamy and Ed threaten to throw away everything they've built together as a family. If Zoe's going to survive junior year, she's got to find her voice, make a plan, and take action--but she can't do it alone. She'll need a little help from Riley, Christine, and Ana. Okay, a lot of help. But that's what Miracle Girls are for. The Miracle Girls is a four-book young adult fiction series. The novels focus around four very different girls, each living out her faith in the modern world.

I know a little about how Anne Dayton and May Vanderbilt write together (from reading their combined blog back in the day), and I think that's my favorite part about their stories - it's amazing how seamless the storytelling is throughout. The authors also paint their scenes so well, I feel every minute. I love the texture of this book, from the evolving friendship between the Miracle Girls to Zoe's memorable home and family. Zoe is a junior, and her story is very authentic to that age - much more young adult than child. The romance in the book is perfectly written for young readers but pretty grown-up as far as the emotion is concerned and the decisions Zoe has to make. Teens will love every minute of the Miracle Girls series, but I read and loved them as an adult. Absolutely perfect for fans of great friend stories (e.g., *Just as Long as We're Together* by Judy Blume), teens with a Christian worldview, and anyone who loves YA best (as one should). The only reader-beware goes out to the current generation of Joshua Harris girls, if you still exist. There's no no-dating message here, a caveat I would not even mention if I had not specifically recommended the book for the faith set, within which I was a Harris graduate myself, making me overly aware of the difference between the no-dating life-ology and this more traditional approach to teen romance. A note on the series aspect: You don't need to read the first two in the series to get this book, but reading all four gives you the fullest picture of these four girls and their friendship. They each have a unique story to tell.

I started it three times but just couldn't get into it. Its young teen agers and their relationships with each other. It brought in reincarnation and other stuff I don't care about plus I am past my mid eighties so I just couldn't relate. It would be interesting to young teen agers but just not for this old codger. Good luck!

This was an awesome story. I loved the characters. It was sad at times but it was so exciting to read and you could relate to each one in the story and how their lives were affected. You will love this book.

Ok...needs more discussion about God throughout the book...not just at the end. Sometimes a little hard to figure out what is happening.

Really enjoyed this series.

My 15 year old read them and said they were pretty good. She didn't rave about them or love them, but "liked" them.

Wonderful sequel (book #3) of the Miracle Girls. Very insightful and interesting. Can't wait to read the next book. I love how each book is written from a different perspective of each Miracle Girl

Entertaining reading. Geared more to the younger (teenage) age group
