Property And Casualty Insurance License Exam Study: Practice Questions For The Property And Casualty Insurance Exam

Synopsis

The license exam is one of the requirements you will need to fulfill in order to become licensed as an insurance producer. To obtain a license to transact Property and Casualty/Liability insurance, you must pass an entry-level exam for the appropriate line of authority. The purpose of the examination is to test your knowledge of the general insurance concepts, insurance policies, provisions and contract law. You are also required to demonstrate the knowledge and understanding of State-specific laws and regulations regarding your role as a producer, as well as federal regulations that pertain to insurance transactions and dealings with the public. This set of practice questions is aimed at simulating the actual exam.
