Sketching From The Imagination: Characters

Synopsis

Sketches and drawings are the foundations of great art, where thoughts and concepts first come to life as an image. In *Sketching from the Imagination: Characters*, fifty talented artists share their sketches, inspirations, and approaches to creating characters. This book is a visually stunning collection packed with useful tips and creative insights; an invaluable resource that will inspire artists of all abilities.

Customer Reviews

3dtotal Publishing was founded in 1999 as a simple 3D resource website. Over the last decade the site has evolved into one of the premier CG art websites in the world, offering a variety of training products, an inspirational gallery, a free texture library and hundreds of free tutorials on a variety of subjects. In 2006, 3dtotal entered into partnership with Focal Press and launched the popular book series *Digital Art Masters* and *Digital Painting Techniques*. The premise for these books was to provide high quality content that would inspire and educate the next generation of digital artists. Featuring the work of top industry professionals, detailed tutorials and image breakdowns, these series have become firmly established as indispensable resources for any digital artist. After five successful years working with Focal Press, 3dtotal Publishing was launched in early 2010. As well as self-publishing the next volumes in the pre-existing *Digital Art Masters* and *Digital Painting Techniques* series, 3dtotal Publishing has launched a number of new titles including:

Sketching from the Imagination, Beginner's Guide to Digital Painting in Photoshop and ZBrush Characters and Creatures.

Great addition to library. Artists talk about work in their own words, share process and materials. I appreciate the modular format, as it makes it easy to scan for info.

EXCELENTE!!!!1!!!!

One of my favorite books. Highly recommend!

The book arrived as described within the stated timeframe. Impressed!

Different sketching and brainstorming approaches, awesome range of skills and artwork, and the most important, an imagination booster for artist of all skills.

This book is great, for inspiration purposes is not a how to book

It's awesome!

It has so many sketches to inspire you, this is not a tutorial or "how to" book, I enjoy this book every single time is in my hands and hopefully I will get that good.
