New Hardcover with dust jacket

This book with its fabulous illustrations and translated text is by far the very best work I have collected, The price I must say was a big break for me, This book is worth 3 or 4 times the price even though there were some small damage to the bottom cover on the corners, With that being said I recommend this work to average readers or collectors alike.

This edition of Faulkner's presentation of Ani's guide to the afterlife is just beautiful. You can spend hours translating, head-scratching and exclaiming triumph when you get it right! Or you can simply browse through the pages admiring the artwork and intricacy of this extraordinary language. Highly recommended.

Beautiful artwork. This book is all about spells/curses. I do not practice such but it is interesting to look into a culture and their beliefs/ fears.

I used to have this book. Now years later, I've once again added it to my collection of the mystical and ancient. It's not a story but a collection of things the Egyptians believed. Being part Greek, who reigned for the last 300 years of its empire, Egypt has always fascinated me.

Fiance loves this book. Great read and quality

Terrible book as far as information, amazing as far as pictures and art..

I find it really interesting I am amazed at the details in it!!! I am fascinated by the EGYPTIANS!!!

Love the book.

The content wasn't quite what I expected, but the book itself is very attractive and a good coffee table book.....it's a book of spells and incantations.
