Easy to read and understand, it will definitely help you through nursing school.

Excellent book!

As advertised

Good book. easy to understand. good practice problems.

Needed to purchase this study book for a nursing exam. I'm only on chapter 3 but so far I think it has been very helpful. Would recommend.

This a great and valuable resource, however there were a couple of mistakes in the book.

Missing question pages, a waste. Should of bought a new book.
