# Star Wars Instrumental Solos (Movies I-VI): Trumpet, Book & CD (Pop Instrumental Solo Series)

## Synopsis

For the first time, Star Wars(R) A Musical Journey (Music from Episodes I-VI): Instrumental Solos includes selections from all six Star Wars(R) movies arranged for flute, clarinet, alto sax, tenor sax, trumpet, horn in F, trombone, piano accompaniment, violin, viola and cello. The arrangements are completely compatible with each other and can be played together or as solos. Due to level considerations regarding keys and instrument ranges, the wind instrument arrangements are not compatible with the string instrument arrangements in this series. Each book contains a carefully edited part that is appropriate for the Level 2-3 player and a fully orchestrated accompaniment CD. Each song on the CD includes a demo track, which features a live instrumental performance, followed by the play-along track itself. Also included is 4-color art as well as black and white art from the movies. Titles: Star Wars (Main Theme) \* Jar Jar's Introduction \* Augie's Great Municipal Band \* Qui-Gon's Funeral \* Duel of the Fates \* Anakin's Theme \* The Flag Parade \* Across the Stars \* The Arena \* The Meadow Picnic \* Battle of the Heroes \* Cantina Band \* The Throne Room \* The Imperial March \* May the Force Be with You \* Princess Leia's Theme. This title is available in SmartMusic.

## Customer Reviews

Bought this for my son- he's a fairly new trombone player and long time Star Wars fan. The songs weren't easy. He's had to work on them, but the chart at the back of the book has been a huge help. Two thumbs way up.

Editing my review-- While the pieces won't be challenging for an intermediate player, it is still quite fun to play along with, and has cool orchestral (and even choral) backing tracks. It's a little disappointing to see some memorable themes from the classic trilogy are absent in favor of some fairly forgettable prequel pieces. This is personal opinion, though. Surely, Yoda's theme was at least more interesting than Anakin's theme, and March of the Ewoks, The Asteroid Field and the Han & Leia love theme from ESB were much more interesting pieces than some of the things that were included in this collection. All in all, fun stuff, though.

Purchased this book for my son who plays the baritone (as it works the same for the trombone). It was nice, just a bit over his capability to play (as this is his first year). Better suited for a second year player, but will definitely keep for the future.

Absolutely a blast to play, and great for sight reading. I run the CD off my MacBook and through my Yamaha Silent Brass. It helps build your chops, pitching/note focus, rhythms. Highly recommend.

Want to get your kid to practice? Get them this.

The shipping was quick and my daughter loved the music and book. It is a big hit with her class and they are all now wanting to get one as well.

Bought this book to give as a gift to a 2nd year trumpet player. It's challenging for him, but being a Star Wars fan, he loves being able to play the music.

I've been hearing my son play the Star Wars theme since he got this book. He loves it! It's fun for old folks like me to hear him play it too!
