It's a new concept in children's books. You pick one up. You hold it. You turn it around. You peer inside the windows, and then you pop the latch, opening the door to the story-and to a child's imagination. It's irresistible. Explore all the Mini House Books by Peter Lippman! Also in the series: THE ABC DOGHOUSE, a rhyming and illustrated alphabet-teaching-tool; FIREHOUSE CO. NO. 1, an action-filled story telling the day in the life of a fire company; THE HAUNTED HOUSE, a delightfully frightful story; THE ENCHANTED CASTLE, the Sleeping Beauty story delightfully retold; MOTHER GOOSE'S HOUSE, bringing to life ten traditional Mother Goose rhymes; OLD MACDONALD'S BARN, an interactive version of everyone's favorite barnyard sing-along, and

SANTA'S WORKSHOP, a peek at the excitement of Christmas Eve on the North Pole.

Peter Lippman is the creator of the MINI HOUSE BOOKS and the MINI WHEELS BOOKS. In addition, he's written and/or illustrated more than 30 children's books. He lives with his wife in New York.

A friend of our had one of these and my granddaughter had so much fun with it that I bought her one. Now she carries it everywhere with her. It's a wonderful creative little book and I recommend it to anyone who has little ones or is looking for a unique shower gift.

The first time I saw it I just loved it my 2 year old great grand son started turning the pages as soon as someone showed him how to open it love the port holes you can see animals there it is very well made I watched my grand son on skype play with every thing I got from there is a story to be read to him throughout this 3d book GREAT GIFT!!

I do like this series of board books overall, however the unique shape - which does make these more fun than most - can be challenging for both big and little fingers. This one in particular (more than the barn or other shaped books in the series) is tough to use due to so many odd protrusions from the top (animals poking out of the ark). So, fun overall, but I wouldn't get more than one of them.

You can't go wrong with these precious little books! They're strong and durable and the shapes, colors and artwork are eye-catching. Great baby shower gift! I want a complete set for myself!

Very cool looking book

From the format to the story, this is an excellent choice - my grandchildren love it!

Very cute book, it doesn't really tell the story of Noah's Ark, but it is cute, small and has many interesting pages for my granddaughter to enjoy.

Clever idea. More of a counting book than a bible story. Not sure how well it will hold up with a toddler using it...we will see.
