And Now I See . . . : A Theology Of Transformation

Synopsis

Christianity is, above all, a way of seeing. What unites figures as diverse as James Joyce, Caravaggio, John Milton, the architect of Chartres, Dorothy Day, Dietrich Bonhoeffer and the later Bob Dylan is a peculiar and distinctive take on things, a style, a way, which flows finally from Jesus of Nazareth. Origen remarked that holiness is seeing with the eyes of Christ. Teilhard de Chardin said, with great passion, that his mission as a Christian thinker was to help people see. And Thomas Aquinas said that the ultimate goal of the Christian life is a beatific vision, an act of seeing. This book is about coming to vision through Christ.

Robert Barron, from the Prelude

Customer Reviews

Barron, professor of systematic theology at Mundelein Seminary, near Chicago, offers an accessible exploration of Christian theological concepts. He divides his book into three sections as he examines Christianity as a source of human transformation. In his first section, Barron argues that human nature is alienated from itself and thus humans are in need of a mediator who can draw them back to God and self. The second section takes up a renewed understanding of God in light of the alienated nature of humanity. In his final section, Barron contends that Christ is a healer and reconciler who seeks to draw humanity back into relationship with God. Along the way, Barron draws on sources as diverse as Dante, Paul Tillich, Thomas Merton and Flannery O'Connor.

stopped reading 1/2 way thru. Just not interesting.

It is easy to read, yet spiritually deep. I see it as being a reference book for me eventually...it's opening up a view of theology and God that I can resonate with and explains so much that I didn't understand...or have never thought of before! Love it and have read it twice so far!

I am currently in my second reading of this fascinating book, written by one of the most charismatic men on the planet today. I wish it were as easy to grasp as his television productions! And what does that say about our culture? About ME? Nonetheless, if you are seeking a Closer Walk, here is an excellent map by a gifted writer-cartographer!

A Barron classic!

Powerful. Insights from perhaps the brightest RC scholar writing today!!!

Wow... What a great book! Robert Barron is a great teacher, author and a wonderful man of God. Easy to read, but so deep, full of information for all Christians. Thank you for another treasure. I'm blessed just to have read it.

Strange way that Jesus calls us to see who he is; however, once he is in charge of our lives we not only see him, but the Face of God, the incarnate God among us. Amen.

very well done with many special insights into God's plan in the world
