Marvelous Majolica: An Easy Reference & Price Guide (Barron's Business Library)

Synopsis

A fascinating survey of the majolica ceramic wares produced in Victorian England, Europe, and America. Over 550 color photographs of these popular, brightly-glazed ceramics demonstrate the various forms in tablewares, serving dishes, figurals, planters, jardinieres, and vases that colored Victorian homes. Brief explanations of majolica's origins, manufacturing, and makers are included, and the items are organized into broad categories by ware type (jardinieres, plates, platters, etc.) for easy reference. Also included are a bibliography, index, and values with the photo captions.

Book Information

Series: Barron's Business Library

Paperback: 176 pages

Publisher: Schiffer Publishing (January 29, 2001)

Language: English

ISBN-10: 0764312758

Customer Reviews

Jeffrey B. Snyder is an experienced author and editor. This is his second book on majolica.

I've always wanted to collect early majolica, which my partner thought was the tackiest pottery ever manufactured. This book proves him wrong, and is a helpful guide to understanding the art form.

Great pictures, a lot of information but quite dated, especially with regards to prices.

Very good book for history and present day items. Would recommend for new to Majolica.

Excellent pictures and good historical information in this book. I would recommend this to anyone

wanting material on vintage oyster plates.

A beautifully illustrated and thorough guide to Majolica, and an invaluable addition to any collector's library!
